

HALE SWIM SCHOOL

A Skill for Life.

About Us

Hale Swim School offers a unique *learn to swim* programme which has been developed for children aged from two - 14 years. Our level progressions provide a broad, balanced programme of swimming, water safety and survival skills in preparation of a lifetime of safe activity in, or near any aquatic environment. Swimmers will be given a coloured cap with a sea character motif, which signifies their swimming level. These caps will be issued on the first day of lessons.

The eight lane, 25 metre pool is part of an Aquatic Centre at Hale School - an exciting, fresh and positive environment for your child to experience and learn a skill for life.

Hale Swim School is registered with Swim Australia and certified by AustSwim.
